Craft brewing is of paramount importance at the 49th State Brewing Co. From start to finish we want to provide our guests with a product that we are proud to call our own. While this begins with clear Alaskan water, fine malts and hops, and yeast, we consider the entire experience at the 49th as reflective of our craft. Therefore, at the 49th you'll have beer served by a staff of Cicerone Certified beer servers, proper glassware to accompany various styles of beer, a hearty menu to meet any hunger, and outdoor spaces to bring community to the 49th experience. And at the 49th, we hold the belief that every good beer should be paired with a good song. We are pleased to offer entertainment throughout the summer, celebrating beer and music under the Alaskan sun.
