

49th State Brewing Co - Denali

Whether ordering a burger the size of your head, Alderwood smoked ribs that fall off the bone, or a local organic salad, the food at the 49th will not disappoint. Our award winning craft beer is brewed on premises and can be enjoyed in the beer garden while playing disc golf, bocce ball, horseshoes, or bags. The 49th's outdoor concert series brings acts such as: The Wailers, Reverend Horton Heat, Trampled by Turtles, Dark Star Orchestra, The Werks, The Movement, Pato Banton, and Keller Williams. The "Into the Wild" bus from the movie is in the garden and visitors are welcome to go aboard to see the memorabilia on display. As we are located 8 miles north of the Denali hub, there is a local shuttle for a worry free visit.

Craft brewing is of paramount importance at the 49th State Brewing Co. From start to finish we want to provide our guests with a product that we are proud to call our own. While this begins with glacial aquifers, fine malts and hops, and yeast, we consider the entire experience at the 49th as reflective of our craft. Therefore, at the 49th you'll have beer served by a staff of Cicerone Certified beer servers, proper glassware to accompany various styles of beer, a hearty menu to meet any hunger, and a beer garden to bring community to the 49th experience. And at the 49th, we hold the belief that every good beer should be paired with a good song. We offer entertainment throughout the summer, celebrating beer and music under the Alaskan sun.

"I love to try different local beers and I couldn't have asked for more choices. I would have had to spend way more time than I had to even come close to sample all the choices.

Great food, great atmosphere and friendly help. Thumbs up and a must when in Healy."
